GEAR LOCK COMPATIBLE

WEAR ACCESSORY ON PACK OR ATTACH TO BELT:

The Gear-Lock system allows you to customize your pack with Fieldline[®] Gear-Lock accessories. The versatility of Gear-Lock will let you adjust your pack into multiple configurations. With a few easy steps, your pack will adapt to whatever the situation demands.

TO ATTACH A GEAR-LOCK EQUIPPED ACCESSORY:

1 Thread the hook and loop tab on the Gear-Lock accessory through the webbing strap on the Gear-Lock equipped pack.

2 Continue to thread the hook and loop tab through the webbing strap and through the back loop on the Gear-Lock accessory.

3 Secure the hook and loop tab to the hook and loop closure at the bottom of the Gear-Lock accessory.
